English Homework p°90 (post-covid).

We are in Mexico stadium. Today, after the two hundred meters, the three runners : Smith, Carlos and Norman are going to receive their medals. Gold for Smith, Silver for Norman and Bronze for Carlos. Smith and Carlos are US citizens and Norman is Australian.
Huge surprise : on the podium, Smith and Carlos don't wear shoes but only black socks. More, they were a black glove with their arm extended, during the national american anthem.
The australian Norman is wearing a badge of Black Association of Human Rights. The three runners want protest against racism and segregation. Black socks mean poverty of black people in USA.
The three men create a very big emotion among the spectators who are plauding or whistling.
